

Biopesticides Application Chart

We always try to avoid spraying biopesticides but sometimes we have to. A good way to avoid or reduce the use of pesticides are beneficial insects which can solve your pest problems when the infestation is at the beginning.

Physical barriers such as insect netting, hedgerow and bringing biodiversity to your gardens are also a good way to decrease the pest pressure on your farm.

DISCLAIMER : Please note that those products may not be authorized in your country. Please refer to your certification organism before buying and/or applying those listed products. Labels must be read before using a product and the product label always prevails. All the biopesticides listed in the chart are Pesticides OMRI (Organic Materials Review Institute).

Product (Click to access the label)	Effect	Active ingredient	Application notes	Toxicity (Please read the label for explicit details)	Pre-harvest interval (PHI) [REI prevails]	Re-entr y interval (REI)	Equipment requirement (PPE)
Cosavet-DF® Edge	Fungicide	Sulfur	Cover every part of the plant	Avoid contact with skin and eyes	24h	24h	Protective gloves, goggles, rubber boots, NIOSH approved respirator
Cueva® Fungicide Concentrate	Fungicide	Copper octanoate	Cover every part of the plant	Harmful if swallowed or absorbed through skin	4h	4h	Long-sleeve shirt, long pants, shoes, socks and chemical-resistant gloves
GreenCure® Foliar fungicide	Fungicide	Potassium bicarbonate	Broad spectrum, apply the solution to all exposed surfaces of the plant	Harmful if swallowed	1h	1h	Chemical-resistant gloves, long-sleeve shirt and long pants, shoes plus socks
MilStop®	Fungicide	Potassium bicarbonate	Broad spectrum; cover all stems and foliage	Harmful if swallowed	1h	1h	Long-sleeve shirt and long pants, shoes plus socks

Product (Click to access the label)	Effect	Active ingredient	Application notes	Toxicity (Please read the label for explicit details)	Pre-harvest interval (PHI) [REI prevails]	Re-entr y interval (REI)	Equipment requirement (PPE)
AzaGuard®	Insecticide	Azadirachtin	Controls insects in the larval, pupal and nymphal stages	Harmful if inhaled or absorbed through skin	4h	4h	Long-sleeve shirt, long pants, waterproof gloves, shoes plus socks
DiPel® B.t (var.kurstaki)	Insecticide	Bacillus thuringiensis var. kurstaki	Specific for leaf-eating caterpillars	Harmful if inhaled or absorbed through skin	4h	4h	Long-sleeve shirt and long pants, waterproof gloves, shoes plus socks
Entrust® SC	Insecticide	Spinosad	Ensure adequate coverage	Please read label	4h	4h	Long-sleeve shirt and long pants, shoes plus socks
Mycotrol® ESO	Insecticide	Beauveria bassiana strain GHA	Acts by contact, most effective when used early	Causes eye irritation, harmful if absorbed through skin, inhaled or swallowed	Up to the day of harvest	4h	Long-sleeve shirt and long pants, protective eyewear, chemical-resistant gloves, shoes plus socks

Product (Click to access the label)	Effect	Active ingredient	Application notes	Toxicity (Please read the label for explicit details)	Pre-harvest interval (PHI) [REI prevails]	Re-entr y interval (REI)	Equipment requirement (PPE)
PyGanic® 1.4%	Insecticide	Pyrethrins	Broad spectrum; outside only; do not apply during rain	Harmful if swallowed or absorbed through skin	Up to the day of harvest	12h	Long-sleeve shirt and pants, shoes with socks, chemical- resistant gloves and protective eyewear
Safer's® Insect soap	Insecticide	Potassium salts of fatty acids	Shake well and use fresh solution. Do not apply on new transplants or plants stressed by drought. Avoid spraying when temperature is above 90°F	Causes skin irritation, harmful if absorbed by skin or inhaled	4h	4h	Long-sleeve shirt and pants, shoes with socks, chemical- resistant gloves and protective eyewear
SuffOil-X®	Insecticide	Mineral oil	Do not apply during drought or when plants exhibit moisture stress	Harmful if absorbed by skin	Up to the day of harvest	4h	Chemical-resistant gloves, long-sleeve shirt and long pants, shoes plus socks.
Sluggo®	Pesticide	Iron phosphate	Kills snails and slugs, use the bait in the evening. Do not apply if it should rain within the next 24h.	Avoid contact with eyes or clothing	None	None	Long-sleeve shirt and long pants, waterproof gloves, shoes plus socks
